| • Decision Making | • Strategic Thinking | • UI/UX |
| • Ethical Reasoning | • Teamwork | |

EXPERIENCE

Deloitte – Virtual Experience

Forge

Virtual Job Simulations

- Completed virtual job simulations in Cybersecurity, Data Analytics, and Technology.
- Gained practical exposure to data analysis, cybersecurity concepts, technology-based problem solving, and business-oriented tasks.
- Applied analytical thinking, data interpretation, problem-solving, and decision-making skills to industry-focused scenarios.

Tata Group – Virtual Experience

Forge

Virtual Job Simulations

- Completed Tata virtual job simulations covering Data Visualization, Cybersecurity, and ESG.
- Gained practical exposure to industry-oriented tasks, analytical problem-solving, and business-focused challenges.
- Applied structured approaches to data analysis, visualization, cybersecurity, and sustainability-related tasks.

Internship

Vishnupuri, Nanded

Internship Experience

- Gained practical exposure to workplace operations, teamwork, and day-to-day professional activities.
- Assisted in coordinating tasks and maintaining smooth workflow within the team.

PROJECTS

Android Application | vehicle and fuel tracker

- Developed an application concept to track vehicle fuel usage, expenses, and overall fuel consumption.
- Designed a simple and user-friendly interface for recording fuel entries and monitoring vehicle-related expenses.
- Implemented features for maintaining fuel records and analyzing spending patterns over time.
- Focused on usability through structured data management and an intuitive UI/UX design.

Web Designer | UI/UX

- Designed a responsive and user-friendly personal portfolio website to showcase skills, projects, and certifications.
- Created a clean website layout with intuitive navigation and a consistent UI design.
- Focused on responsive web design and improved user experience across different screen sizes.

TECHNICAL SKILLS

Computer: Excel
Data Entry
Word and Powerpoint
AppDevelopment
WebDesigner
UI/UX

CERTIFICATIONS & VIRTUAL INTERNSHIPS

Data Science & Analytics

- **Tata Data Visualization Job Simulation** – *TATA*
- **Data Analytics Job Simulation** – *DELOITTE*
- **Data Science Job Simulation** – *BCG*
- **Tata Data Analyst Certification** – *TATA*

Cybersecurity & Technology

- **Tata Cyber Security Job Simulation** – *TATA*
- **Cybersecurity Job Simulation** – *MASTERCARD*
- **Software Engineering Job Simulation** – *HPE*
- **Technology Job Simulation & Tech Explorer** – *DELOITTE*

Business, Advisory & ESG

- **Tata ESG Job Simulation** – *TATA*
- **Career Catalyst: Advisory Job Simulation** – *KPMG*
- **The Private Bank Job Simulation** – *BANK OF AMERICA*
- **Off-Premise Sales Job Simulation** – *REDBULL*

Professional Development & Soft Skills

- **Customer Service Job Simulation** – *FORAGE*
- **Interview Preparation Job Simulation** – *ASHURST PERKINS COIE*

ADDITIONAL INFORMATION

- Completed multiple virtual job simulations covering Data Science, Data Analytics, Cybersecurity, Software Engineering, ESG, Advisory, Banking, Sales and Customer Service.
- Developed practical exposure to industry-oriented tasks through virtual internship and job simulation programs.
